INTRODUCING: NEW COURSES

In partnership with: Chaffey College

CONTROLS SYSTEMS TECHNOLOGY: CORE
This course is for students interested in engineering, distribution and logistics product development, building and construction trades. In this lab simulation environment, students will gain the foundational knowledge needed to enter various careers. Topics such as construction math, blueprints & drawings analysis, power tools, safety materials handling and basic employability skills will be covered within this course. Students who successfully complete this course in addition to Level I in the summer, will have the opportunity to earn certifications in:

- CAL OSHA Safety Card
- Multiple NCER (National Center for Construction Education and Research) Certifications

REQUIREMENTS: STUDENTS MUST BE IN THE 11TH AND 12TH GRADES

PATHWAY INCLUDES:
- CORE - Jan. 26th - June 7th (Spring 2016) (90 hours/5 credits)
- Level I - Dates TBD (Summer 2016) (180 hours/10 credits)
- Level II - Offered through Chaffey College
- Industrial Electrical Technology - Offered through Chaffey College
- GET HIRED! $12-$18 hourly to start your career in Engineering, Advanced Manufacturing/ Product Development, Distribution, Logistics, or Construction Trades.

CLASS LISTED UNDER BUILDING TRADES & CONSTRUCTION INDUSTRY SECTION - PAGE 3

EMR II
Students will build upon the knowledge and skills learned in the entry level course Emergency Medical Responder. Students will receive advanced instruction and training on the health and well being of others when responding to the scene of a Medical or Trauma Emergency.

EVENT PLANNING
This course prepares students with skills, attitudes and knowledge needed for employment in event-planning occupations. Instruction includes planning parties, showers, receptions, reunions; as well as financial transactions; salesmanship guest services and customer satisfaction; culture and customs and planning specialized events to include themes, timelines, budgets, and for specific audiences.

3-D MEDIA DESIGN 1
Student learn to code and test animations; implement standard graphics programming techniques for object movement that mimic the laws of physics; know and understand algebraic equations underlying the paths of moving objects; know and understand the 2-D and 3-D transformations: translation, rotation, reflection and scaling; implement effective graphics and graphical user interfaces.

COMPUTER PROGRAMMING AND GAME DESIGN
This online course explores the history, art, and science of the game development process through hands-on projects. Students work in teams to design and program custom games in both 2D and 3D environments. The course examines 3D modeling, 2D animation, level design, sound effects, player psychology, mathematics for gaming, and game logic/programming.

SCHEDULE IS TENTATIVE & SUBJECT TO CHANGE
TO REGISTER CONTACT YOUR CAREER TECHNICIAN ON YOUR HIGH SCHOOL CAMPUS.
PRIVATE SCHOOL AND OUT-OF-DISTRICT STUDENTS PLEASE CALL (909) 880-6460.

Baldy View Regional Occupational Program, in compliance with the Civil Rights Legislation, hereby attests that it does not discriminate on the basis of race, color, national origin, ancestry, religion, gender, age or handicap in its employment or enrollment in job training programs.
AG SALES AND MARKETING

This course will develop student knowledge and skills in agricultural sales and marketing, commodity marketing, agricultural economics, and international agriculture. Instruction includes: starting an agribusiness, developing a marketing plan, pricing, advertising, and selling products and services, communicating with customers, basic economic principles, the international agribusiness economy, and career opportunities. Skills will be enhanced in math, reading, comprehension, communications, and writing through agribusiness applications. Focus will be on computer and workplace skills.

FUNDAMENTALS OF DIGITAL MEDIA

This online course teaches students how to use a computer or communication device to effectively and critically navigate, evaluate and create information using information technologies and sources available from the Internet. Students use the power of digital technologies to manipulate and transform digital media, distribute it pervasively, and easily adapt them to new forms.

CAREER TRAINING CENTER RM #201
#3146329 M W 1:00-2:00PM 01/11/16-05/28/16 (15 CR) SEM.

GAME DESIGN AND DEVELOPMENT

Students are introduced to analysis, design, and creation of three dimensional animation and games. This course begins with an overview of 3D graphics. The basic components of video game design; modeling, texturing, lighting, animation, and rules of game play are addressed. Students will complete projects that require problem solving and practical application of course competencies to create simple games.

Baldy View ROP Schedule of Classes Spring 2016

MISSION STATEMENT

Our mission is consistently high-quality, rigorous, and relevant Career Technical Education that equips students for their future.
STAGE 1 INTRO TO STAGE TECHNOLOGY
This course introduces the techniques and processes involved in stage management, prop construction, lighting, setup and operation of sound systems, and the operation of projection equipment. The program develops basic construction techniques for stage property and scenery, affords practice in stage crew work, which includes the erection and striking of scenery; and provides an overview of occupations in radio and television.

CLAREMONT HS AUIDITORIUM #3155270 M, T, TH, F 1:05-1:55PM & W 1:15-2:01PM 01/25/16-05/16/16 (10 CR) YR. PREREQUISITE: TEACHER APPROVAL

STAGE 2 INTERMEDIATE STAGE TECHNOLOGY
Students will be trained in the use and management of the various elements of technical production during a dance, music, or theatrical performance. These elements include the rigging and movement of sets, scenic and lighting equipment, the use of computerized switching systems for lighting and sound, the manage- ment and distribution of stage properties, etc. Students will learn to manage the complex support tasks that are involved in a performance.

CLAREMONT HS AUIDITORIUM #3157320 M, T, TH, F 1:05-1:55PM & W 1:15-2:01PM 01/25/16-05/16/16 (10 CR) YR. #3157321 M, T, TH, F 2:04-2:55PM & W 2:09-2:55PM 01/25/16-05/16/16 (10 CR) YR. "P" 01/25/16-05/16/16 (10 CR) SEM. COMUNITY CLASSROOM INCLUDED (STAGE 1-4)

STAGE 3 STAGE DESIGN & PRODUCTION
This instructional program will build on foundation skills in Stage Technology and Production to include design in various of theatrical productions. Students will be familiar with design elements, drafting techniques, computer software, and modeling skills necessary to prepare designs and models of theatrical sets. 

CLAREMONT HS AUIDITORIUM #3157330 M, T, TH, F 1:05-1:55PM & W 1:15-2:01PM 01/25/16-05/16/16 (10 CR) YR. #3157331 M, T, TH, F 2:04-2:55PM & W 2:09-2:55PM 01/25/16-05/16/16 (10 CR) YR. "P" 01/25/16-05/16/16 (10 CR) SEM. "C" 01/25/16-05/16/16 (10 CR) SEM.

DENOTES CTE ONLINE LAB COURSE

Baldy View ROP Schedule of Classes Spring 2016
FOOD & HOSPITALITY SERVICES
This introductory course prepares students with the skills, attitudes and knowledge needed for employment in food service, food production and preparation occupations. Instruction includes topics such as: selecting, purchasing, preparing, serving and selling of quality food; nutrition values; safety and sanitation; use and care of commercial equipment; cost and profit analysis; side work customer orders; and handling cash and credit transactions.

FOOD & BEVERAGE PRODUCTION AND PREPARATION
This intermediate course prepares students with the skills, attitudes and knowledge needed for employment in food service, food production and preparation occupations. Instruction includes topics such as: customer relations; industry awareness; sanitation and food handling; recipes and measurements; and operational procedures. Students develop skills to select and use proper equipment, supplies and procedures to produce a variety of food products to be sold or served. Previous enrollment strongly recommended: Food & Hospitality Services

FOOD & BEVERAGE PRODUCTION & CATERING TECHNICAL WORK EXPERIENCE EDUCATION
This capstone course provides a solid background for a wide range of careers in dietetics and nutrition, as well as food service and hospitality. Instruction will include such topics as: customer relations; food handling; nutrition; planning; serving and selling of quality food and food products. Students will develop skills to produce a variety of food, plan menus and arrange for equipment, decoration, entertainment, and storage of food. Students will have opportunities for onsite training in local food establishments. Previous enrollment strongly recommended: Food & Hospitality Services and/or Food and Beverage Production & Preparation.

HOTEL & LODGING SERVICES
This course prepares students with the skills, attitudes and knowledge needed for employment in the lodging industry and refines their related knowledge and skills. Topics covered typically include lodging terminology, marketing, property management, guest psychology and relationships, lodgings operations, food and beverage services, convention services, and other topics related to support services within the lodging industry. Articulation Agreement with Chaffey College.

INFORMATION & COMMUNICATION TECHNOLOGIES

+ COMPUTER REPAIR

Students will explore workplace safety, customer relations, and will learn various computer hardware parts. Students will operate systems such as Windows XP, Windows 7 and Windows 8, computer repair, and will be introduced to mobile devices, laptops, scanners and printers; network architecture and internet technologies, as well as careers in the IT industry. This course will prepare students for entry level jobs working at a helpdesk or in a computer repair shop. This course will prepare students for COMPITA A+ exam. Articulation Agreement with Chaffey College.

COMPUTER APPLICATIONS
This entry level course is designed to provide students with hands-on use of spreadsheets, word processing and presentation applications while studying computer concepts such as cloud computing and the Internet.

COLONY HS ROOM #4-113

FREQUENTLY ASKED QUESTIONS (FAQ’S)

WHAT IS COMMUNITY CLASSROOM?
Community Classroom is unpaid training at a job site. Training usually takes place during your class hours. It is your responsibility to secure transportation to and from the site. Student must be at least 16 years old.

HOW DO I ENROLL?
Register with your career technician on your high school campus or call 909-980-6490. Adults, please call 909-947-3400, ext. 1300. (NOTE: You must attend class on the first day or you may be dropped.)

IS THERE A FEE FOR ROP CLASSES?
As of July 1, 2015, BVROP is no longer direct-funded by the State of California. BVROP is now funded by our member districts, as a service provider supporting their local control accountability plans (LCAPs).

Our agreement with our member districts for these funds provides that ROP/CTE services are reserved for students attending high schools, continuation high schools, and alternative high schools belonging to Chaffey JUHSD, Chino Valley USD, Claremont USD, and Upland USD.

All other grade 9-12 students or school entities may access BVROP services by contacting Forest DeRenzo, Assistant Superintendent of Educational Services (forest_derenzo@bvrop.org) to obtain the fee-for-service costs and registration protocol.

Adult students may register on a fee basis at our Career Training Center, 1501 S. Bon View Avenue, Ontario, CA 91761.

CAN I ENROLL IN MORE THAN ONE COURSE?
Yes. You can enroll in multiple courses as long as the class schedules do not conflict.

WILL I RECEIVE A CERTIFICATE?
Yes. You must earn a "C" or better at completion of your ROP class to receive a certificate.

CAN I RECEIVE COLLEGE CREDIT?
Yes. Several classes have articulation agreements with our neighboring community colleges. Most courses require a score of at least 80% on the final and/or articulation exam, a final course grade of "B" or higher, and enrollment with the community college upon high school graduation. Please consult with the teacher for specific steps and grading criteria.

IS THERE AN AGE REQUIREMENT?
Some classes have an age requirement. Courses which have requirements and/or prerequisites can be found at the conclusion of each course description.

CAN MY STUDENT ATTEND CLASS AT A DIFFERENT DISTRICT OR CAMPUS?
Student must receive prior approval from the Administrator of the campus where the class is being offered. Contact your school Career Technician.
