This course introduces students to the artistic and technological foundations to create animated presentations for industry and entertainment. Students will develop basic drawing and design skills, learn the fundamentals and physical movements, the concept of communication to a given audience, and techniques for self-expression through a variety of animated formats. They will explore the careers and requisite skills required by animation and animation support and the business world. Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**GAME DESIGN AND DEVELOPMENT**

Students are introduced to animation, design, and creation of three dimensional animation and games. This course begins with an overview of 3-D graphics. The basic components of video game design, modeling, texturing, lighting, animation, and rules of game play are addressed. Students will complete projects that require problem solving and practical application of course competencies to create simple games.

Meeting "Visual & Performing Arts Other/Other/5" Requirements

**CAREER TRAINING CENTER RM #101**

Course provides individuals with the intermediate skills needed for making structural repairs to apartments and homes. It comprises hands-on training in carpentry, plumbing, electricity, plastering, painting, and flooring. In addition, students are taught how to interpret construction blueprints and estimate the costs of repair and remodeling.

Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**HILLSIDE HS RM #8**

This course prepares students for entry level positions in the field of Masonry. Students will gain insight into the masonry trade including the history and origin of masonry construction, tools and equipment, safety, basic fundamentals of mortar preparation and application, and the use of various masonry products. Block masons build walls, partitions, arches, chimneys, and other structures. Integrated throughout the course are Academic and CTE standards, which include Safety, Communication, Technology, etc. Career planning and other employability skills.

Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**BRICK, BLOCK & STONEMASONRY**

This course prepares students for entry level positions in the field of Masonry. Students will gain insight into the masonry trade including the history and origin of masonry construction, tools and equipment, safety, basic fundamentals of mortar preparation and application, and the use of various masonry products. Block masons build walls, partitions, arches, chimneys, and other structures. Integrated throughout the course are Academic and CTE standards, which include Safety, Communication, Technology, etc. Career planning and other employability skills.

Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**ONTARIO HS RM #48-B**

This course introduces students to all phases of cabinet construction, design and production and covers the construction of both custom and small scale production manufacturing.

Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**ETIWANDA HS RM #10**

This advanced course of study offers a wide variety of experiences in the study of materials, tools and processes utilized in related wood product industries. Students will gain knowledge and apply woodworking principles in units addressing measurement, planning and design, basic processes, hand tools, powered machinery, assembly and finishing, etc. Projects will consist of student selected cabinet designs.

Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**CHAFFEY HS RM #110-A**

This advanced course of study offers a wide variety of experiences in the study of materials, tools and processes utilized in related wood product industries. Students will gain knowledge and apply woodworking principles in units addressing measurement, planning and design, basic processes, hand tools, powered machinery, assembly and finishing, etc. Projects will consist of student selected cabinet designs.

Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**CHAFFEY HS RM #110-B**

This advanced course of study offers a wide variety of experiences in the study of materials, tools and processes utilized in related wood product industries. Students will gain knowledge and apply woodworking principles in units addressing measurement, planning and design, basic processes, hand tools, powered machinery, assembly and finishing, etc. Projects will consist of student selected cabinet designs.

Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**CHAFFEY HS RM #110-C**

This advanced course of study offers a wide variety of experiences in the study of materials, tools and processes utilized in related wood product industries. Students will gain knowledge and apply woodworking principles in units addressing measurement, planning and design, basic processes, hand tools, powered machinery, assembly and finishing, etc. Projects will consist of student selected cabinet designs.

Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**CHAFFEY HS RM #110-D**

This advanced course of study offers a wide variety of experiences in the study of materials, tools and processes utilized in related wood product industries. Students will gain knowledge and apply woodworking principles in units addressing measurement, planning and design, basic processes, hand tools, powered machinery, assembly and finishing, etc. Projects will consist of student selected cabinet designs.

Meeting "Visual & Performing Arts Other/Other/5" Requirements Agreement with Mt. San Antonio College.

**CHAFFEY HS RM #110-E**

This advanced course of study offers a wide variety of experiences in the study of materials, tools and processes utilized in related wood product industries. Students will gain knowledge and apply woodworking principles in units addressing measurement, planning and design, basic processes, hand tools, powered machinery, assembly and finishing, etc. Projects will consist of student selected cabinet designs.

FREQUENTLY ASKED QUESTIONS (FAQ’S)

WHAT IS COMMUNITY CLASSROOM?
Community Classroom is unpaid training at a job site. Training usually takes place during your class hours. It is your responsibility to secure transportation to and from the site. Student must be at least 16 years old.

HOW DO I ENROLL?
Register with your career technician on your high school campus or call 909-980-6490. Adults, please call 909-947-3400, ext. 1300. (NOTE: You must attend class on the first day or you may be dropped.)

IS THERE A FEE FOR ROP CLASSES?
As of July 1, 2015, BVROP is no longer direct-funded by the State of California. BVROP is now funded by our member districts, as a service provider supporting their local control accountability plans (LCAPs).

Our agreement with our member districts for these funds provides that ROP/CTE services are reserved for students attending high schools, continuation high schools, and alternative high schools belonging to Chaffey JUHSD, Chino Valley USD, Claremont USD, and Upland USD.

All other grade 9-12 students or school entities may access BVROP services by contacting Forest DeRenzo, Assistant Superintendent of Educational Services (forest_derenzo@bvrop.org) to obtain the fee-for-service costs and registration protocol.

Adult students may register on a fee basis at our Career Training Center, 1501 S. Bon View Avenue, Ontario, CA 91761.

Seniors who have graduated (including mid-term graduates) will not be eligible to continue their BVROP course without a fee for services.

CAN I ENROLL IN MORE THAN ONE COURSE?
Yes. You can enroll in multiple courses as long as the class schedules do not conflict.

WILL I RECEIVE A CERTIFICATE?
Yes. You must earn a "C" or better at completion of your ROP class to receive a certificate.

CAN I RECEIVE COLLEGE CREDIT?
Yes. Several classes have articulation agreements with our neighboring community colleges. Most courses require a score of at least 80% on the final and/or articulation exam, a final course grade of "B" or higher, and enrollment with the community college upon high school graduation. Please consult with the teacher for specific steps and grading criteria.

IS THERE AN AGE REQUIREMENT?
Some classes have an age requirement. Courses which have requirements and/or prerequisites can be found at the conclusion of each course description.
